Unpack contents and lay out on the floor

1. Unpack contents and lay out on the floor .
2. Identify the top and bottom cross-rails - the top cross-rails have holes for attaching the top shelf
3. Take the centre runner frame (with runners on both sides). Attach the two bottom cross-rails
4. using bolt A. Do not fully tighten bolts .
5. Attach the two top cross-rails using bolt A. Do not fully tighten bolts.
6. Take the two end frames and attach the cross-rails using 8 x bolt A.
7. Screw the casters B to the bottom of the end frames .
8. Place the wooden shelf (preferred surface facing up) within the recess created by the top of the
9. frame .
10. Fully tighten all bolts. Turn unit upright and insert your selection of our colourful tote trays.
